GOLF ESCAPES

— our story —

Founded in 2002, we started with a simple belief: golfers deserve a specialist service built around the game—not squeezed into a generic travel template.

We chose to focus on golf and only golf, because details matter here. The “best” course depends on your handicap and what kind of challenge you enjoy. The “perfect” resort depends on whether you’re a couple, a small group, or running a full-on large group trip. And the best holiday isn’t the one with the most inclusions—it’s the one that fits you or your group.

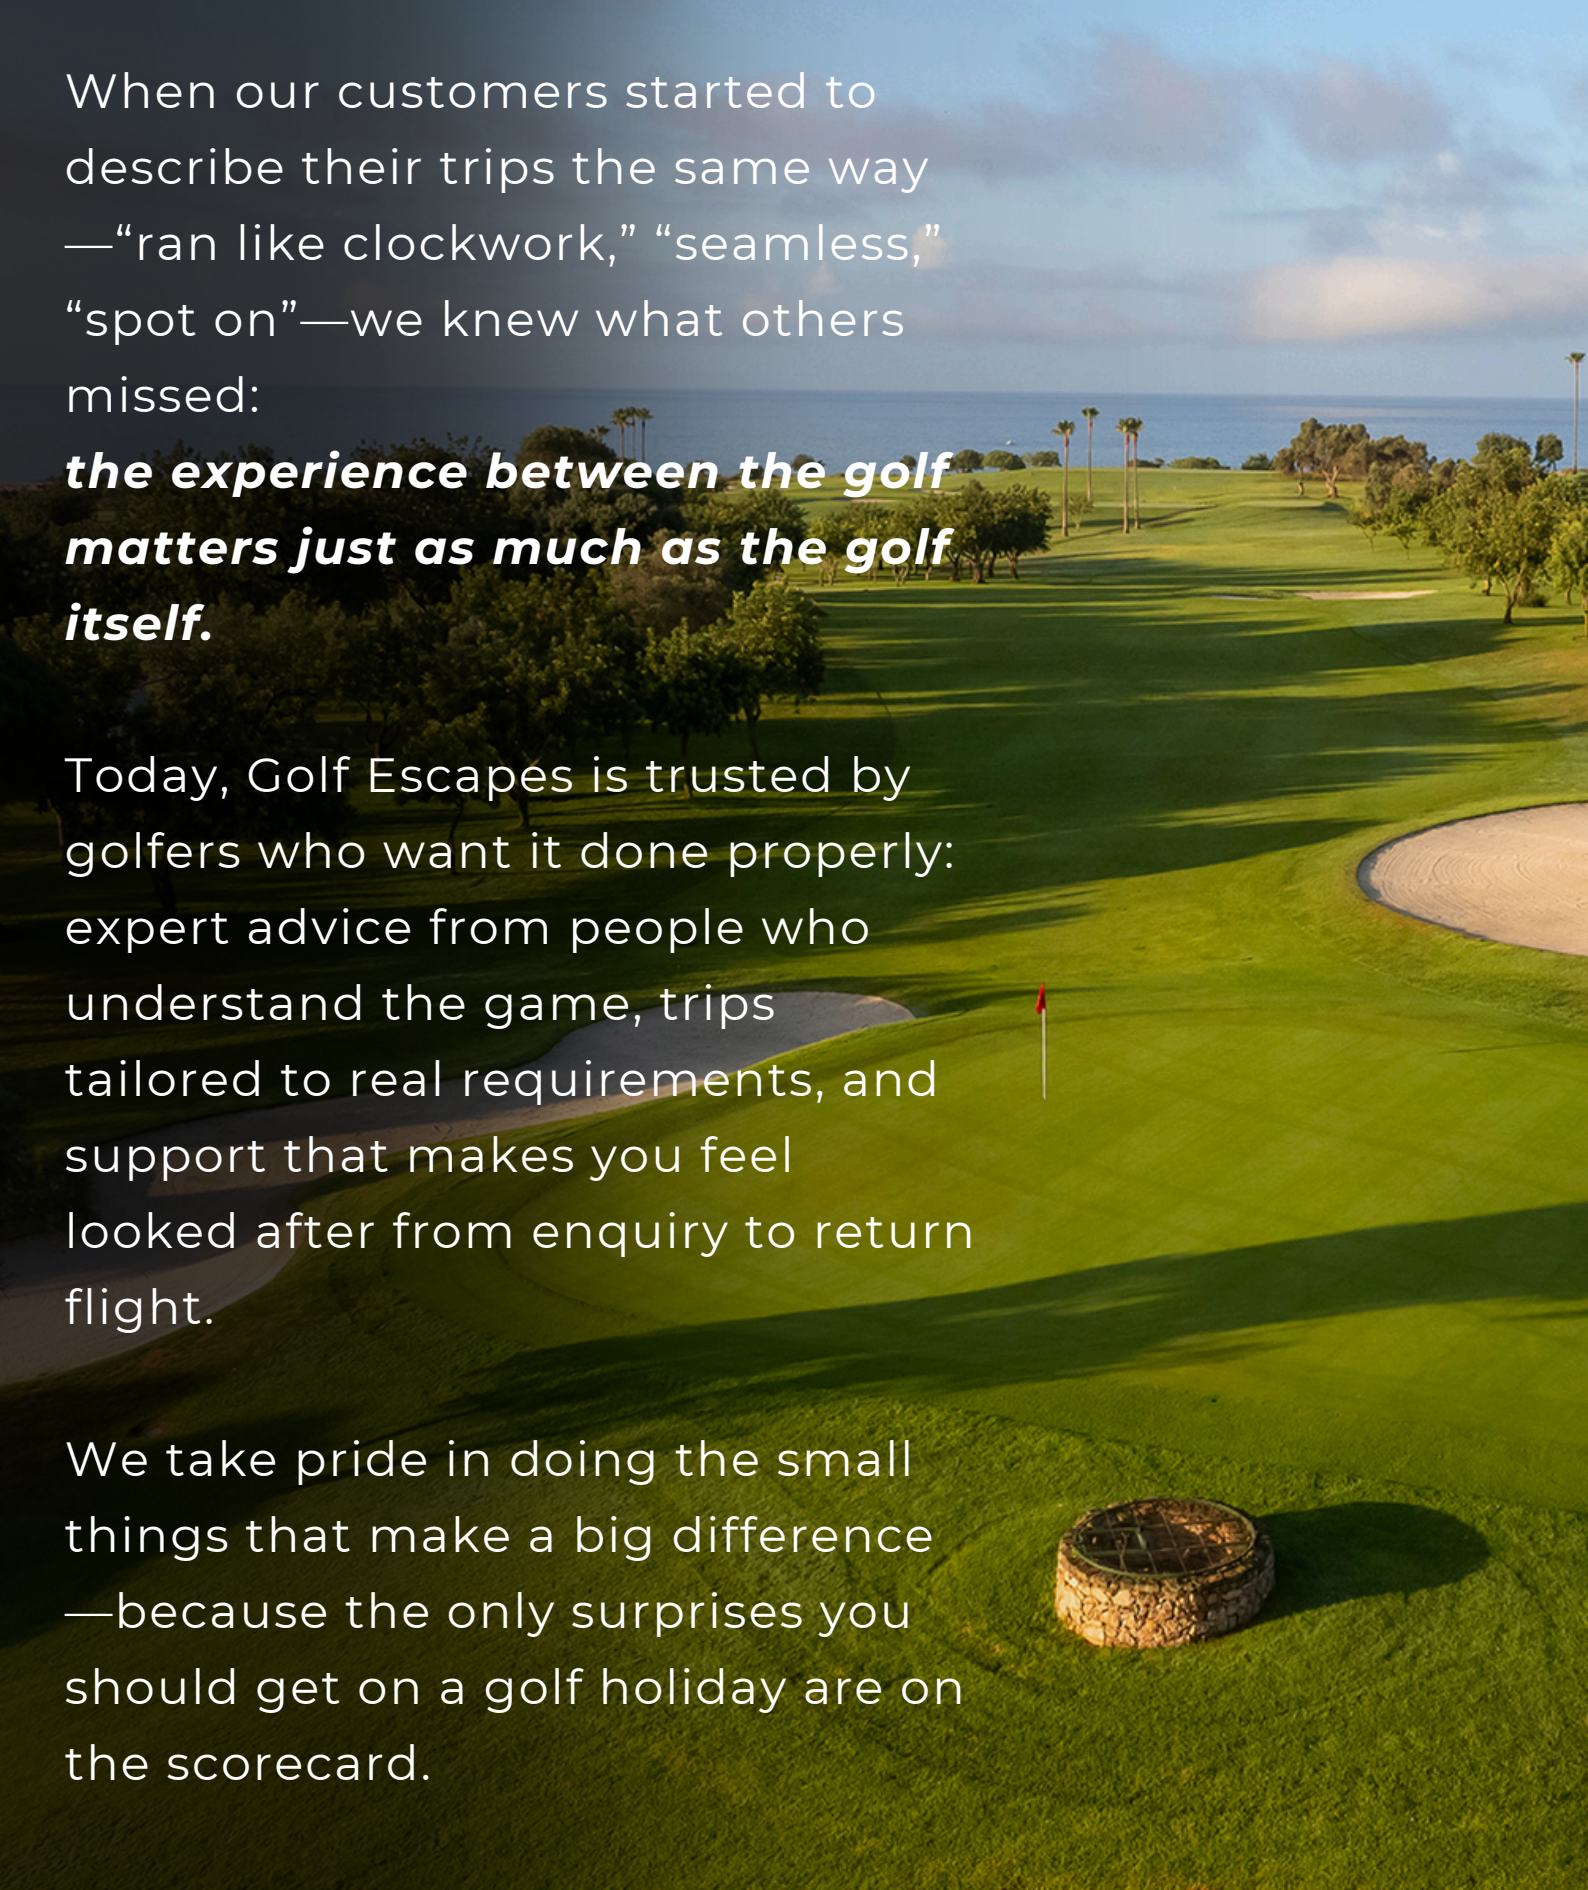

When our customers started to describe their trips the same way —“ran like clockwork,” “seamless,” “spot on”—we knew what others missed:

the experience between the golf matters just as much as the golf itself.

Today, Golf Escapes is trusted by golfers who want it done properly: expert advice from people who understand the game, trips tailored to real requirements, and support that makes you feel looked after from enquiry to return flight.

We take pride in doing the small things that make a big difference —because the only surprises you should get on a golf holiday are on the scorecard.

we are

GOLF ESCAPES

...keeping your holiday on course since 2002
